David,

I have reviewed our past discovery and there is an issue or two that I would like to get resolved before we get into our fact depositions. I have a few questions that I think it would be appropriate we have answered before we conduct our 30(b)(6) deposition. Would you be amenable to receiving a few more interrogatories regarding the stairway? Again, these are questions that I have formulated in light of the inspection of the stairway by Mr. Perez, and I think that they can really help us streamline our additional fact discovery.

Thanks again, and let me know what you think.

George.

George- Go ahead and serve the interrogatories and let me reserve Freedom Air's position until after seeing the interrogatories.

By the way, you did see my e-mail regarding the use of your client's authorization to release medical

Ex. B

records for the MR Imaging deposition ?

Last, I will be back on island in a few days and at that time catch up on our joint request to the court for more time for certain discovery and a new trial date.

Best regards

David,

Yes, I did see your question regarding the MR Imaging deposition. Go ahead and do as you suggested and if there are any problems, let me know.

I will send over the discovery requests. Primarily, while your discovery response says that there have been no "modifications" on the stairway, I would like to be a little more thorough. I don't think that these will take too much time.

Please give me a buzz when you're back on island and I'll send over my draft of the motion.

George.
